BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

The Honorable James V. Hansen
Chairman
Committee On Standards of Official Conduct
HT2 Capitol
Washington, D. C. 20515

Dear Mr. Chairman:

I am writing to request clarification on the rules governing outside earned income as it relates to a consulting fee I currently receive from my company (see attached letters and replies), as well as a new fringe benefit my company has agreed to offer to me.

As you can see from the attached letters, I have been permitted to receive $20,000 per year for as much as 400 hours of consulting services on implementation of corporate policy decisions. Plastic Packaging, Inc., a company I founded and in which I have controlling interest, is my prinicpal family investment, and I view it important to remain associated with the business to assure that my investment is protected. In previous reponses from the Committee, this annual amount has not been counted as outside earned income for the purposes of the limitation in Rule XLVII.

Now, in recognition of the services I provide to my company, it has agreed to sponsor a life insurance benefit for me. The life insurance benefit consists of life insurance on my life alone, and life insurance that matures upon the death of the survivor of myself and my wife, Donna. The life insurance benefit is structured under what is known as a Split-Dollar Plan.

The economic benefit that is represented by the life insurance under the Split-Dollar Plan will be reported as income for tax purposes. The value of the benefit for 1997 is approximately $9,500. Given the earlier determination by the Committee as it relates to the $20,000 consulting fee, may I accept the $9,500 without violating the outside earned income limitation of $20,040? I would appreciate advice relative to this matter for calendar year 1997 and beyond.

If you have questions or need clarification on any point, please call me or have your staff contact my Chief-of-Staff, Patrick Murphy, at 52576. Thank you for your prompt attention to this matter.

Sincerely,

Cass

CASS BALLENGER
Member of Congress

The Honorable Cass Ballenger
U.S. House of Representatives

Dear Colleague:

This responds to your letter of January 15, 1998 regarding your earned income from Plastic Packaging, Inc., a company that you founded and in which you have the controlling interest. In substance, the question posed in your letter is whether you may accept from the company, in addition a $20,000 per year consulting fee, a life insurance benefit that the company is sponsoring for you in recognition of your services to the company. Your letter states that the benefit is structured under a Split-Dollar Plan, the economic benefit of which is reported as income for tax purposes, and that the value of the benefit for 1997 is approximately $9,500.

As your letter recognizes, while the outside earned income of Members and senior staff is limited by both statute and House rule[1], clause 4(e) of House Rule 47 explicitly excepts a number of items from the definition of the term "outside earned income," and hence from the outside earned income limitation. One part thereof, clause 4(e)(4), provides an exception for income from a family business in the following circumstances:

> in the case of a Member, officer or employee engaged in a trade or business in which the individual or his family holds a controlling interest and in which both personal services and capital are income-producing factors, any amount received by such individual so long as the personal services actually rendered by the individual in the trade or business do not generate a significant amount of income.

Thus this provision excepts from the outside earned income limit amounts that a Member receives from a business where three requirements are satisfied: (1) the Member or his family holds a controlling interest in the business, (2) the nature of the business is such that both personal services and capital are income-producing factors, and (3) the personal services that the Member renders for the business are of a nature that they do not generate a significant amount of money. The intent of this provision, as reflected in the report of the House Commission on Administrative Review, was that,

> Members should be able to render personal services to manage or protect their equity in a family trade or business without having to allocate these personal services toward the 15-percent limitation.

H.Doc. 95-73, 95th Cong., 1st Sess. (Feb. 14, 1977).

In letters to you of February 25, 1987 and October 27, 1990, copies of which you attached to your current letter, the Committee determined the provision's requirements were satisfied with regard to Plastic Packaging and the consulting services (of up to 400 hours per year) that you render for the company, and that hence the $20,000 per year fee that you receive for those services would not be counted toward the outside earned income limit.[2] Both of those letters reflected the Committee's view that your limited efforts in behalf of the company appeared to be aimed at preserving your equity in the company, consistent with the intent of the provision, rather than generating income for the company.

The Committee understands from your current letter that you continue to have the controlling interest in Plastic Packaging. In view of the Committee's prior determinations regarding your consulting fee from the company, the economic benefit of the Split-Dollar Plan life insurance that the company is sponsoring for you, as described in your letter, likewise need not be counted as outside earned income for purposes of the outside earned income limit – provided, however, that there has been no significant change since 1990 in either the nature of the business of Plastic Packaging, or the nature or level of the services that you render for the company. If any such changes have occurred, you should contact the Committee for further advice. Otherwise, the economic benefit of the life insurance, like your consulting fee, should be reported on your annual Financial Disclosure Statement.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-3787.

Sincerely,

Dear Julian:

I would appreciate clarification on limitations on outside earned income as it relates to a consulting fee I currently receive (see attached letter) from my company, in light of the changes mandated by the Ethics Reform Act of 1989 (Public Law 101-194).

As you can see from the attached letter, I have been permitted to receive $20,000 per year for as much as 400 hours of consulting services on implementation of corporate policy decisions. Plastic Packaging, Inc., a company I founded and in which I have controlling interest, is my principal family investment and I view it important to remain associated with the business to assure that my investment is protected.

Please advise me relative to any exemption of these fees from the limits on outside income for calendar year 1990 as prescribed under clause 2(b)(1) of House Rule XLVII as revised by Public Law 101-194. Further, I would appreciate advice relative to this matter for calendar year 1991 and beyond.

If you have questions or need clarification on any point, please call me or have your staff contact my administrative assistant, Patrick Murphy, at 225-2576.

Thank you for your prompt attention to this matter.

Sincerely,

Cass Ballenger

OFFICIAL CONDUCT

February 25, 1987

The Honorable Cass Ballenger
United States House of Representatives
116 Cannon House Office Building
Washington, D. C. 20515

Dear Colleague:

This is in response to your letter of January 16, 1987, requesting the advice of this Committee regarding the propriety of your receipt of certain compensation from Plastic Packaging, Inc. Your correspondence elaborates on information provided in an earlier meeting with Committee Counsel Mark Davis.

You explain that you served as President of Plastic Packaging, Inc., from its founding in 1956 until your election to the House of Representatives. While you remain the majority stockholder and Chairman of the Board, you no longer have day-to-day operating responsibilities. In lieu of the salary previously paid to you, Plastic Packaging, Inc., intends to pay you $20,000 per year for as much as 400 hours of consulting services on implementation of corporate policy decisions. You further explain that Plastics Packaging, Inc., is your principal family investment, and you view it important to remain associated with the business to assure that your investment is protected.

The provision implicated by your inquiry is House Rule XLVII, which limits the amount of outside earned income which a Member of the House of Representatives may receive in a calendar year to 30 percent of the Member's aggregate yearly congressional salary. As provided in the Rule, the term "outside earned income" means "wages, salaries, professional fees, honorariums, and other amounts ... received as compensation for personal services actually rendered." Several exemptions are noted, however. Clause 3(d)(4) of Rules XLVII specifically states that outside earned income does not include--

> in the case of a Member engaged in a trade or business in which the Member or his family holds a controlling interest and in which both personal services and capital are income-producing factors, any amount received

The Honorable Cass Ballenger

> by such Member so long as the personal services actually rendered by the Member in the trade or business do not generate a significant amount of income.

The Committee is of the opinion that the services you will be performing for Plastic Packaging, Inc., and compensation in the amount specified, fall within the stated exemption. The purpose of the exemption, as stated by the Commission on Administrative Review of the 95th Congress, is to enable Members to protect their interest in a family business. (See, House Document 95-73, p. 11; see also, Advisory Opinion No. 13, House Select Committee on Ethics, 95th Congress.) Further evidence of the fact that your efforts are aimed at preserving your equity, rather than generating a significant amount of income, is the limited time you plan to devote to the business. The Committee also notes that the amount of compensation you will be receiving from the corporation is substantially less than that reported for prior years on the Financial Disclosure Statement which you filed as a candidate.

While this compensation will not be counted as outside earned income for the purposes of the limitation in Rule XLVII, please note that it still must be reported on the Financial Disclosure Statement you are required to file as a Member of the House of Representatives by May 15th of each year. For purposes of clarity, we suggest that you note on the Statement that this income is from a family business and exempt from application of Rule XLVII.

If you have any further questions concerning this matter, please contact the Committee staff at extension 5-7103.

Sincerely,

The Honorable Cass Ballenger
U.S. House of Representatives
218 Cannon House Office Building
Washington, D. C. 20515

Dear Colleague:

This is in response to your letter requesting clarification of the limitations on outside earned income as it relates to a consulting fee you receive from your company. The Committee originally addressed this matter in a letter of February 25, 1987, a copy of which you enclosed with your correspondence.

You explain that while a Member of the House you have accepted $20,000 per year from Plastic Packaging, Inc., for as much as 400 hours of consulting services on implementation of corporate policy decisions. You founded the company and have retained controlling interest in it. It is your principal family investment and you continue to view it important to remain associated with the business to assure that your investment is protected. Consistent with Committee advice, this income has not been treated as subject to the earned income limit of House Rule XLVII. In light of the changes mandated by the Ethics Reform Act of 1989 (P.L. 101-194 as amended by P.L. 101-280), you ask if the Committee's earlier advice continues to apply to your situation.

In 1987, you told the Committee that you were Chairman of the Board of Plastic Packaging, Inc., in addition to being majority stockholder. Your Administrative Assistant, Patrick Murphy, has informed Committee Counsel Mark Davis that this continues to be the case. While the corporation does provide you with transportation to attend board meetings, you receive no compensation other than the $20,000 consulting fee.

Several provisions of Federal law and House rules, as amended by the Ethics Reform Act of 1989, are relevant to your inquiry. Members of the House are limited in the amount of outside earned income they may receive in a calendar year by House Rule XLVII. For calendar year 1990, the outside earned income limit is 30 percent of the aggregate yearly congressional salary paid in 1989, or $26,850. House Rule XLVII, clause 1(b)(1). For calendar years after 1991, the earned income limit will be 15 percent of the January 1 rate of pay in effect for level II of the Executive Schedule (the same rate at which House Members are paid). House Rule XLVII, clause 1(a)(2); see also section 501(a) of the Ethics in Government Act of 1978, as amended (5 U.S.C. app. 7, §501(a), hereinafter cited as "EIGA".

"Outside earned income" is defined in Rule XLVII, clause 3(e), to mean "wages, salaries, fees, and other amounts received or to be received as compensation for personal services actually rendered." Several exemptions are noted, however. Clause 3(e)(4) of Rule XLVII specifically states that outside earned income does not include—

> [I]n the case of a Member engaged in a trade or business in which the Member or his family holds a controlling interest and in which both personal services and capital are income-producing factors, any amount received by such Member so long as the personal services actually rendered by the Member in the trade or business do not generate a significant amount of income.

Even if compensation is consistent with the definition of "outside earned income" or falls within one of the stated exemptions, certain activities for compensation will be totally prohibited by Federal law and House Rule XLVII beginning January 1, 1991. Section 502 of EIGA (5 U.S.C. app. 7, §502), provides, in pertinent part, that Members of the House, as well as other senior government officials, shall not —

> (1) receive compensation for affiliating with or being employed by a firm, partnership, association, corporation, or other entity which provides professional services involving a fiduciary relationship;
>
> (2) permit that Member's . . . name to be used by any such firm, partnership association, corporation, or other entity;
>
> (3) receive compensation for practicing a profession which involves a fiduciary relationship; [or]
>
> (4) serve for compensation as an officer or member of the board of any association, corporation, or other entity.

See also House Rule XLVII, clause 2.

The statute does not define what constitutes "professional services which involve a fiduciary relationship." That determination has been left to this Committee with respect to House Members and staff, pursuant to its authority under sections 503(1)(A) and 504(b) of EIGA (5 U.S.C. app. 7, §§503(a)(A) and 504(b)). *See* *Report of the House Bipartisan Task Force on Ethics on H.R. 3660*, p. 16, *Cong. Rec.* (daily ed.), Nov. 21, 1989, H9257.

The legislative history of the Ethics Reform Act suggests the primary objectives behind enactment of the prohibition on the paid practice of a profession which involve a fiduciary relationship. The first was to prevent any conflict between the responsibility of a public official to act for the common good and the obligation which would be owed a private client paying compensation. The second was to make certain that official position was not being used for private gain. The third objective was to "ensure that honoraria not reemerge in various kinds of professional fees from outside interests." *See Task Force Report*, *supra*, pp. 15-16.

To determine whether employment in which a Member proposes to engage is prohibited under the statute, the Committee is looking at more than the title of the position and the kind of services typically performed by those in the occupation. Subject to further legislative guidance, the Committee is evaluating the nature and circumstances of each individual's *particular* employment on a case-by-case basis in light of the objectives of the Ethics Reform Act.

With respect to your services for Plastic Packaging, Inc., you are serving as Chairman of the Board but are receiving no compensation other than the consulting fee. (Your receipt of travel expenses to attend board meetings is not considered compensation.) You were paid by Plastic Packaging prior to your election to the House of Representatives, but the $20,000 consulting fee is significantly less than you had been receiving. In addition, the payment is consistent with the policy enunciated in House Rule XLVII to permit a Member to accept compensation to protect his interest in a *family* business. Your limited efforts appear aimed at preserving your equity, rather than generating income for the company. Such continuing service related to a family-controlled business suggests neither a significant conflict between public and private obligations, nor accrual of a benefit on account of your status as a Member of Congress. Furthermore, payments to you are not in consideration of speeches, appearances, or articles.

Based on the above considerations, we are of the opinion that the services you perform for Plastic Packaging, Inc., and the specified compensation you receive, continue to fall within the cited exemption in House Rule XLVII. Furthermore, your

receipt of this compensation will not be prohibited after Januar
1, 1991, since we do not view you as performing "professiona
services involving a fiduciary relationship" for the purposes of
section 502 of EIGA and House Rule XLVII.

While this compensation will not be counted as outside earned income for the purposes of the limitation in Rule XLVII, please note that it still must be reported on the Financial Disclosure Statement you are required to file as a Member of the House of Representatives by May 15th of each year.

As stated above, this opinion is subject to reconsideration based on subsequent enactment of legislation or rule changes. If you have any further questions concerning this matter, please contact the Committee's Office of Advice and Education at extension 5-3787.

Sincerely,

Julian C. Dixon

The Honorable Joel Hefley
Chairman
Committee on Standards of Official Conduct
HT2 Capitol
Washington, D.C. 20515

Dear Chairman Hefley:

I am writing to request appropriate guidance regarding my 2001 Financial Disclosure Schedule II, Payments in Lieu of Honoraria made to a Charity. A donation in the amount of $5,000 was sent to the Meridian House International on March 7, 2001, on behalf of a speech that I delivered to The Heritage Foundation on March 6, 2001 (please refer to enclosure). Since The Heritage Foundation is a long-time Washington-based organization, I assumed that the amount of the check was within the Committee's guidelines. It was just brought to my attention today that the maximum amount that may be directed to a charity for a speech is $2,000.

I would appreciate it if you would please make an exception to the rule this time or grant a waiver, as the donation was given to Meridian on March 7, 2001. It would be difficult for this highly respected organization to return these funds now and I see no benefit to anyone in asking them to do so.

Since this involves my 2001 Financial Disclosure which is due May 15, 2002, could you please expedite this request. Thank you.

Sincerely,

Doug

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

The Honorable Sanford D. Bishop, Jr.
U.S. House of Representatives
2429 Rayburn House Office Building
Washington, D.C. 20515

Dear Colleague:

This responds to your letter of April 18, 2001 requesting a waiver of the gift rule (House Rule 25, clause 5) to enable you and your fiancée, The Honorable Vivian O. Creighton, to accept gifts that you receive in connection with your wedding on May 26, 2001.

The gift rule authorizes the Committee on Standards of Official Conduct to waive the prohibitions on the acceptance of gifts contained therein "in an unusual case." The Committee has determined that a special occasion, such as a wedding, is an appropriate circumstance in which to exercise its waiver authority. Therefore, on behalf of the Committee, we grant your request.

Notwithstanding the grant of this waiver, you should exercise caution in accepting any gift that likely would not have been offered but for your status as a Member of the House. With regard to any such gift, you should consider its source, nature and value, and any possible conflict of interest with official duties.

You are reminded that if you are required by the Ethics in Government Act of 1978 (EIGA) to file a Financial Disclosure Statement you must report the source, a brief description, and the value of all gifts aggregating $260 or more in value from one source in a calendar year. Gifts of $100 or less need not be aggregated toward the $260 limit. If you also wish a waiver of the statutory reporting requirement, you must separately write to the Committee. Any such request will be made publicly available pursuant to section 102(a)(2)(C) of EIGA.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Joel Hefley

Page 3 of 14

	BLOCK A **Asset and/or Income Source** Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self directed IRA (i.e., one where you have the power to select the specific investments) provide information on each asset in the account that exceeds the reporting threshold and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see instruction booklet for the reporting year. Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs. If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.	BLOCK B **Year-End Value of Asset** at close of reporting year. If you use a valuation method other than fair market value, please specify the method used. If an asset was sold and is included only because it is generated income, the value should be "None."	BLOCK C **Type of Income** If other than one of the listed categories, specify the type of income by writing a brief description in this block. (For example: Partnership income or Farm income)	BLOCK D **Amount of Income** For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.	BLOCK E **Transaction** Indicate if asset was purchased (P), sold (S), or exchanged (E) in reporting year.

Dear Jeff:

Please allow this letter and its attachment to serve as an amendment to my Personal Financial Disclosure statement for the calendar year 2001. In the copy filed on May 8, 2002, I inadvertently omitted a payment to charity in lieu of honoraria made by the American Society of Anesthesiologists (ASA) in June of 2001. The payment was made in conjunction with a speech I gave on May 2, 2001 at an ASA policy briefing.

Thank you for your attention to this amendment to my 2001 Personal Financial Disclosure statement. If you have any questions, feel free to contact my Chief of Staff, John Versaggi at (202) 225-2071.

Sincerely,

Richard Burr

Page 1 of 6

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the Instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

Value of Asset

at close of reporting year.

If you use a valuation method other than fair market value, please specify the method used.

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.

Name ERIC I. CANTOR

Page 4 of 12

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

Value of Asset

at close of reporting year.

If you use a valuation method other than fair market value, please specify the method used.

If an asset was sold and is included only because it generated income, the value should be "None."

BLOCK C

Type of Income

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.

BLOCK E

Transaction

Indicate if asset was purchased (P), sold (S), or exchanged (E) in reporting year.

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

SCHEDULE III — ASSETS AND "UNEARNED" INCOME

Name STEVEN J. CHABOT | Page ___ of ___

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

Value of Asset

at close of reporting year.

If you use a valuation method other than fair market value, please specify the method used.

If an asset was sold and is included only because it generated income, the value should be "None."

BLOCK C

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.

BLOCK E

Page 2 **of** ___

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

Value of Asset

at close of reporting year.

If you use a valuation method other than fair market value, please specify the method used.

If an asset was sold and is included only because it generated income, the value should be "None."

BLOCK C

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.

BLOCK E

Indicate if asset was purchased (P), sold (S), or exchanged (E) in reporting year.

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

Value of Asset

at close of reporting year.

If you use a valuation method other than fair market value, please specify the method used.

BLOCK C

BLOCK D

Amount of Income

For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.

BLOCK E

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK A

Asset and/or Income Source

Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self-directed IRA (i.e., one where you have the power to select the specific investments), provide information on *each asset* in the account that exceeds the reporting threshold, and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see the instruction booklet for the reporting year.

Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.

BLOCK B

BLOCK D

	BLOCK A **Asset and/or Income Source** Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other asset or source of income which generated more than $200 in "unearned" income during the year. For rental property or land, provide an address. Provide full names of any mutual funds. For a self directed IRA (i.e., one where you have the power to select the specific investments) provide information on each asset in the account that exceeds the reporting threshold and the income earned for the account. For an IRA or retirement plan that is not self-directed, name the institution holding the account and provide its value at the end of the reporting period. For an active business that is not publicly traded, in Block A state the nature of the business and its geographic location. For additional information, see instruction booklet for the reporting year. Exclude: Your personal residence(s) (unless there is rental income); any debt owed to you by your spouse, or by your or your spouse's child, parent, or sibling; any deposits totaling $5,000 or less in personal savings accounts; any financial interest in or income derived from U.S. Government retirement programs. If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left.	BLOCK B **Year-End Value of Asset** at close of reporting year. If you use a valuation method other than fair market value, please specify the method used. If an asset was sold and is included only because it is generated income, the value should be "None."	BLOCK C **Type of Income** If other than one of the listed categories, specify the type of income by writing a brief description in this block. (For example: Partnership Income or Farm Income)	BLOCK D **Amount of Income** For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA" for income. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, even if reinvested, should be listed as income.	BLOCK E **Transaction** Indicate if asset was purchased (P), sold (S), or exchanged (E) in reporting year.

Dear Sir:

Please find enclosed page 2 of Schedule III - Assets and "Unearned" Income for my calendar year 2001 financial disclosure statement. I am amending my original disclosure due to two stocks, Citigroup Capital VIII (preferred) stock and General Motors Corp. (preferred) stock, being listed on Schedule IV; however, these were inadvertently omitted from Schedule III of the original statement. Please replace the second page of Schedule III originally submitted with the enclosed, revised version of the same document.

I apologize for any inconvenience this oversight may have created. If I may be of further assistance, please do not hesitate to contact me.

With kindest regards, I am

Yours truly,

JOHN J. DUNCAN, JR.
